Science Classwork

Grade: 7

School Year: 2018-2019

Possible Points: 40%

Educator: Melecia Palache

Classwork will be on Tuesdays

Each classwork values 5%

- 1. Diagnostic Test
- 2. Naming Laboratory tools
- 3. Word search and definition on the interactions of living things
- 4. Everything is connected worksheet
- 5. Cut out objects from magazines and newspaper to classify into different categories.
- 6. Game: Go through the different stages of the nitrogen cycle.
- 7. Clearing of the land and preparation for planting.
- 8. Plant dominant plants like those within the different biomes.
